Pet Tinctures 250mg \$24.99

Veterinarians and pet owners alike have used our hemp oil for pets with animals in their care. Active cannabidiol (CBD) works by interacting with endocannabinoid receptors that exist in nearly all life forms on earth including animals. This blend comes with 0% THC so your furball won't experience any psychoactive effects. We want as many furry friends as possible to benefit from all that CBD has to offer!

Both veterinarians and pet owners have used our CBD oil products with animals in their care. Active cannabidiol (CBD) works by interacting with endocannabinoid receptors that exist in nearly all life forms on earth - including animals.
